

Motion 2007-03

National Association for Public Health Statistics and Information Systems

The NAPHSIS Executive Committee shall send a communication to the National Center for Health Statistics (NCHS) informing them of the following:

1. NCHS should adhere to Resolution 2005-1 restricting publication of the 2003 Standard Certificate data items until the provisions of paragraphs 2 and 3 below have been accomplished.
2. The NAPHSIS Executive Committee will appoint representatives to engage with NCHS in the development of a collaborative research agreement governing analysis, dissemination and publication of those new data items.
3. The agreement will include but will not be limited to the following principles:
 - NAPHSIS members will participate fully in planning for the analysis of the data.
 - NAPHSIS members will have access to data as jurisdictional law applies to conduct analyses independently or jointly with NCHS.
 - NAPHSIS in conjunction with NCHS will develop plans for dissemination and fully participate in the preparation of all reports and manuscripts.

Adopted this 6th day of June 2007, at Salt Lake City, Utah.
